PAST PERFORMANCE

VETTED LLC brings the elite precision of Special Operations leadership combined with proven business ownership experience. While transitioning our proven commercial expertise to federal contracting, we offer demonstrated success managing large-scale operations with the precision and compliance standards federal contracts demand. Our President's combat-tested project management expertise ensures methodical execution and mission success through strategic planning and tactical adaptation. Our Vice President's 15 years of healthcare business ownership, managing 160+ employees across multiple facilities, demonstrates excellence in workforce management, regulatory compliance, and quality control systems. Together, this dynamic leadership team delivers superior results through precise execution, comprehensive safety protocols, and strict cost discipline while maintaining an exceptional compliance record.
